Alyce Woodhams Buried Tuesday

Miss Alyce Woodhams, daughter of Judge and Mrs. A. W. Woodhams of Pescadero, passed away last Sunday at the Southern Pacific hospital in San Francisco, after an illness of several weeks. The young woman was born and raised in Pescadero and leaves many friends in that seaside town who mourn her loss. She was a graduate of the Pescadero grammar school and later of the Sequoia High School. While attending the local institution, she made many friends on this side of the mountains. Since her graduation from the school here Miss Woodhams has been employed in the offices of the Souahern Pacific Co. in San Francisco.

The engagement of the unfortunate young woman and J. H. Stanfield of Oregon was announced recently. The wedding was to have taken place some time this month.

The funeral services for the young woman were held last Tuesday in Pescadero.

ATHERTON TRUSTEES CONSIDER ROAD LAWS

Ordinances to prohibit the hauling of heavy loads through Atherton on roads having a thin surface to points outside of the town are being considered by the board of trustees of the Town of Atherton. The matter was brought up at the meeting of the board last Wednesday when it was reported that heavy gravel trucks were using the Alameda de las Pulgas as a thoroughfare between Menlo Park and Woodside, instead of using the highway. An ordinance providing that heavy loads can be hauled on certain roads in Atherton only to reach property along theseroads was drawn up by Attorney Reddington and introduced by Trustee Weil. This will be submitted to the town engineer for specifications of the various road surfaces, and will be considered later.

An ordinanee providing that permission must be secuerd bfore before any street can be cut into a trench, manhole, etc., and providing that streets so opened must be put back into their original condition, and providing for an inspection fee was also introduced by Trustee Weil and laid over to the next meeting of the board for consideration.

The matter of lights for the streets was discussed and it was decided to seperate the Town of Atherton from the Menlo Park lighting district in which it has thus far remained since the incorporation of the town last year. The taxpayers of Atherton, it was said, are receiving only two thirds of the district tax back in lights. This matter will be submitted to the board of supervisors of the county who will, it is supposed concur in the matter. In fact, Attorney Reddington stated, Supervisor MacBain suggested the change.

A resolution was passed by the board instructing the clerk of the town to certify to the county auditor the land subject to municipal taxation. The annexations taken into the town this year are not subject to the tax except for the time they have been a part of the town. This resolution was introduced by Trustee Donohoe.

At the suggestion of Trustee Ed Eyre the city attorney drew up a skeleton ordinance regulating fires and fire protection. This ordinance provides that the grass, stubble and other inflammable material must be cleared for a distance of 25 feet around all houses, barns, fences or other structures. This will be taken up by the board later.

The matter of zoning was again brought up and several protests were heard, these being from Harry Fee, Edward White, Mr. and Mrs. James B. Coryell and Mark McCann. The latter was represented by Attorney Lee T. Ross of this city. Action on this matter was again postponed.

KEARSE JURY DIVIDES; ELEVEN FOR ACQUITTAL

A jury in the Superior Court here last Monday heard the charges against F. P. Kearse of this city, janitor of the Foresters' hall on Phelps street. Kearse was arrested on the charge of a woman who lived near the hall, and who charged Kearse with having criminally attacked her little five-year-old daughter, the prosecution was made by Ed Scott, assistant district attorney. James T. O'Keefe defended Kearse. After being out for some time the jury decided that no agreement could be made. They stood eleven for acquitaal and one for conviction. No date has been set for a re-trial, and it is thought that the prosecution may ask to have the charges dropped.

KIWANIS WIN IN GAME WITH GOLFERS

The ball game between the local Kiwanis club and the Emerald Lake Golf club ended victoriously for the Kiwanians last Saturday, with a score of 28 to 16. The Kiwanians, crown bold with their victory, have challenged the Palo Alto club to a similiar combat.

The game Saturday was replete with thrills and some of the plays made that day will go down in history to our descendents. Among these will be the home run made by Phil Grand who found the bases in something less than fifteen minutes while Lester Friar was chasing the ball across the field. Phil made home by a hair's breadth, but saw that the next time he makes a home run he will take his lunch along with him.

Charles Dimmitt started a new fad running bases and smoking a cigar at the same time. It is said that he tried to make the space from first to second base at one step, but had to make three of it.

"Red" Kelley, Sequoia athletic director did his stuff at the pitcher's box and made a four bagger just to show that he was not misated to one position. Bill Curran and Joe Leonard held down the box for the golfers and showed speed and technique in twirling curves.

Otis Carrington, who was pinch hitter for the Kiwanians, covered himself with glory when he stole first base while the pother was holding the ball. The game was umpired by Coach Griffin of the high school.

SCHOOL POOL OPENED FOR PUBLIC USE

Through the kindness of Principal Argo and the board of trustees of the Sequoia Union High School the swimming pool of that institution will be opened for the use of the public during the summer vacation. The first day for the use of the pool by the public will be next Monday.

Arrangements have been made by the school authorities to have a matron in charge of the women's quarters and to have life guards present at the pool at all times. In order to defray the expenses of this help a nominal charge of 25 cents will be made for each adult and 15 cents for children. The pool will be open from 1 p. m. to 8 p. m.

CONGRESSMAN FREE TO LEAVE FOR ALASKA

Congressman Arthur M. Free will leave after the 4th of July for Alaska to investigate the fisheries there, together with other congressmen on the same committee that has been disgnated to make the investigations and to report their findings to the next congress. It is believed the congressman will appoint a postmaster for Redwood City before he goes north. It was rumored yesterday that the selection had already been mad and the announcement of such would be made very shortly.

City Briefs

Miss Sophie Nobs and Miss Florence Misner will leave shortly for a trip to Seattle and Alaska. They will go as far as Seattle by motor and return for the fall term of school.

Assistant District Attorney Edmond Scott attended the meeting of the District Attorney's Association held at Santa Cruz this week. He acted as secretary of the organization in the stead of District Attorney Franklin Swart, who is in the east

Harry Groom, local contractor, has broken ground for a $25,000 residence on Hopkins and Grand streets in the Highlands for J. B. Perry.

William Cannon, a prominent resident of Woodside, has been appointed a traveling agent or solicitor for San Mateo county. The young man is a nephew of old Joe Cannon, the famous republican senator from Illinois.

Mrs. Reuben Bomberg and her sister, Miss Florence Linderman, spent the week with Mr. and Mrs. George Steinberg of La Honda.

Mrs. William Price, wife of City Clerk Price of Redwood City, is spending a fortnight visiting Mr. and Mrs. John Christ in Cloverdale.

The Lamb Sisters, daughters of Mr. and Mrs. Henry Lamb of this city, will sing a musical number at the services in the Congregational church tomorrow night. The local girls have been touring the United States with several large theatrical circuits for several years and have become quite famous in that line. At the evening service Rev. Currie will speak on "Leisure." His topic in the morning will be "What You May Be."

Mr. and Mrs. J. L. Pipkin and daughter Lillian left Monday for a motor trip through Oregon. While in the north the local people will visit Hjelmar Holmquist, brother of Rudloph Holmquist of this city and a former local resident.

Mrs. Elane DeYoung is visiting with her father, W. A. Crowell at his home on Webster street.

According to word received from Mrs. L. B. Winniger and her mother Mrs. Hamel, they have reached Walla Walla, Washington, in a motor trip of the north and enjoying their vacation mightily.

Dr. Dollie, E. C. Peck and A. McSweeney, who recently bought a parcel of land on Oak Avenue, near Five Points, sold the house on the land during the week for $4500 and still have a big frontage on the highway, the remaining portion is very valuable and will shortly be disposed of for a big profit by the lucky trio South San Francisco.

Professor and Mrs. Otis M. Carrington left Thursday of this week for a visit in Pacific Grove.

Langford and Cuthbert Currie left Thursday for a visit in Pacific Grove with their uncle, Rev. J. B. Currie. They will return today.

Rev. and Mrs. J. B. Currie will leave Tuesday for a visit in Toronto, Canada and neighboring points. Both Mr. and Mrs. Currie's members live in the province of Toronto. They will leave by boat to Vancouver, thence by the Canadian Pacific railway to Port William and from there by boat to Fort McNichol and to Toronto. They will stop enroute at Lake Louise in the Canadian Rockies.

MRS. HENRY KUCK TO BE BURIED TODAY

Mrs. Henry Kuck, who died at her home in San Francisco last Tuesday, will be buried today in Mount Olivet cemetery. The remains of her husband, which have remained in Union cemetery for the past thirty years were removed to Mount Olivet yesterday, so that both remains will lie together.

The Kucks were old pioneers of Redwood City. They came here at an early date, Mr. Kuck buying property at Five Points which he developed and called the Pacific Gardens. Here picnics were held and it was a general pleasure grounds for the public. After the death of Mr. Kuck, the family went to the city. The holdings were in the possession of Mrs. Kuck until the time of her demise. Miss Lillia Kuck, the only child, has been a deputy in the office of the assessor of San Francisco for many years. The deceased left a large estate.

NEW WELL TO BE IN OPERATION TODAY

The new well of the Redwood City water works should be in operation today, according to A. S. Ligouri, manager of the plant. The pump is now in place and only the placing of the motor is delaying the working of the new well. A 20-horse power motor was originally shipped here and tried out, but was too light for the work required. A 30-horse power motor arrived yesterday and was installed. The new well, it is believed, will solve the city's water problem for some time to come.

Arrangements are also being made with the Pacific Gas and Electric Co. to have the local water works supplied with power from the Mountain View sub-station, in case of trouble at the local station of the company. This action is the result of the fire last Tuesday at which time the water works was without power for six hours, with a consequent depletion of water in the reservoir.

J. BRITTON'S WIDOW DIES LAST TUESDAY

Her death, preceded by several years of ill health, Mrs. Florence E. Britton passed away last Tuesday evening at the home of her daughter, Mrs. Walter Kellogg of this city. Mrs. Britton was the widow of the late John Britton, vice-president of the Pacific Gas and Electric Co., and one of the most prominent figures in the development of that company. Since the death of her husband several years ago Mrs. Britton has been making her home with her daughter here.

Beside Mrs. Kellogg, Mrs. Britton is survived by one daughter, Mrs. Alice Keefe of San Francisco and three sons, John A. Britton, Jr., and E. N. Britton of San Francisco and Van E. Britton of New York

The deceased was a native of Georgia and was for many years a resident of this state. She was 63 years of age.

The funeral took place Thursday from the chapel of the James Crowe Co. of this city and was followed by cremation at Cypress Lawn cemetery.

DR. AND MRS. HOWARD RETURN FROM TRIP ABROAD

Doctor and Mrs. Albert L. Howard arrived home Thursday from a trip abroad and in Egypt. The Howards spent a portion of the winter in the land of the pyramids and visited the Balley of the Kings, where they saw the tomb of old King Tut. They entered the last resting place of the ancient ruler and were shown the rare tapestry, vases and old rolled gold and the sarcophagus of fut sleeping in repose after passing to the tomb thirty-five hundred years ago. The Howards were able to enter the tomb through the courtesy of some Egyptains they met an the train going into valley. The doctor and his atractive wife made a tour of Ireland, admiring and enjoying the green valleys and beautiful landscape of the ancient island. In Dublin the doctor tarried long enough to forget Volstead and quaffed a few glasses of Doublin Stout, the famous beverage that has made Dublin famous. The visitors stay in Paris was much enjoyed. It is truly the gayest city of the world. When the Howards were there more than 2,000 Americans arrived in one day to be the prey of the Parasians. Americans spend money like water and this is wat the trades people want.

Mr. and Mrs. Howard are loud in their praises of Redwood City, declaring that they saw noplace in all their travels that equal it. The Howards have a beautiful estate on Selby Lane. They were gone for nearly a year visiting many of the capitols of Europe during their travels.

While running green feed through a cutting machine on the E. R. Lam ranch in Ravenswood Thursday morning H. Hironymous in some way got his right fore arm in the machine, and before the power could be turned off his arm was almost severed from the body. He was rushed to the Palo Alto hospital, where according to last reports the doctors in charge of the case have hopes of repairing the injury so the patient will again have the use of his right hand.

MRS. Z. T. THORNING KICKED BY HORSE

Mrs. Z. T. Thorning, wife of Zepho Thorning the local lumberman, was painfully injured last Saturday when kicked by a horse at the Menlo Circus. Mrs. Thorning, with her young son Billie, who was to enter the next event, stepped behind one horse to get to where the boy's horse was standing. The strange animal was skitish and gave a kick, which narrowly missed the child, and struck the mother on the thigh. So violent was the blow that the bone was badly shattered.

First aid treatment was given the injured woman on the field and the performance was halted for a time. Mrs. Thorning was then removed to her home in this city, where she will be confined for several weeks. She is receiving the sympathy of her many friends on the unfortunate occurence.

First Span of Bay Bridge Done

The first big steel span for the Dumbarton bridge across the lower bay is assembled and being moved into position for erection, marking the rapid strides being made in construction of this first transbay traffic span, according to announcement from the offices of the Dumbarton Bridge Company.

Eight other spans, 225 feet long, 24 feet wide and 40 feet high, have been fabricated by the Moore Drydock Company of Oakland and will be placed in position soon, according to F. M. Cortelyou, engineer for the company.

Cortelyou stated that 424 concrete piles have been driven for the combined steel and concrete trestle work that will extend on each side of the center work of nine spans.

The bridge, extending from just east of Redwood City to near Newark on the Alameda County shore, and designed for vehicular traffic, is planned to be completed by the end of the year.

KIWANIANS ENJOY MONDAY MEETING

About two hundred and fifty Kiwanians and their wives and guests met at the Masonic hall last Monday evening for one of the most enjoyable affairs yet to be held by the club. The occasion was the All-Kiwanis Club program which was held simultaneously all over the United States and Canada at the time of the opening of the International convention which was held this year at St. Paul.

A short program which was uniform in all clubs was the first event of the evening. This included the reading of an address of welcome to all Kiwanians in the United States and Canada by International President Johnson. Charles G. Lambert read the Inter-Club Kiwanis creed and Rev. Father Kennedy made an address on the meaning of All-Kiwanis night.

Following this interesting program an elaborate supper was served by a committee consisting of Zepho Thorning, Mark Ryan, Harry Groom and Phil Brand. This supper was said by all who enjoyed it to be one of the best they had ever eaten, and the committee received no end of praise for th manner in which every item was prepared.

Telegraphic communications were received from E. B. Hinman and B. E. Myers, candidates of the local club at the St. Paul convention, as well as from the district governor and secretary.

The members and their guests enjoyed a number of musical numbers by Hubert Dunn, second violinist in the San Francisco Symphony orchestra, accompanied by an Ampico loaned through the courtesy of the Wiley B. Allen Co. of San Francisco.

Following the banquet the Kiwanians and their guests enjoyed a dance. It was at this time that the surprise of the evening was given to the local club, as a large delegation of the Palo Alto club marched into the hall, holding before them a large bronz plaque which they presented to the local club, with a gracious address by their president, Glenn Kenyon. This was accepted by J. D. Hedge, president of the local club with appropriate remarks.

WOODSIDE

The family of Charles Virden, manager of the Virden Packing Co. are summering at the old Herbert Law place which now belongs to William Fitzhugh. So well pleased are they with the location that they have determined to purchase a home in the Woodside or Portola valley.

Miss Louise Mahon, neice of the Rev. Benjamin St. John, is visiting her uncle here. About nine months ago she went to Colorado to visit relatives here and she has returned very much improved in health.

E. E. Perry of Marin county has purchased a portion of the Frank Merrill property facing the Woodside grade and is having a house built for himself on the place.

The Searsville Lake resort has been doing a rushing business during this super-heated period. Its fine accomodations for swimming and boating in shady coves proves alluring to those suffering from a too close acquaintance with the sun. In fact the water offers the only chance of comfort when the temperature runs, as it has here this week, from 96 to 104 degrees.

Mr. and Mrs. Mervyn MacArthur and their daughters, Norma and Evelyn have opend their log cabin among the redwoods for the summer. Theirs is a genuine camp in the woods and although easy of access, is as secluded as a hunter's lodge among the redwoods of Humboldt county.

Miss Marjorie Josselyn entertained a number of her San Francisco friends at the beautiful family home in Woodside on Wednesday.

The annual picnic of the local Sunday School will be held on Saturday at the Huddart estate. Eighty children have been invited, trucks and automobiles have been commandeered for their transportation, games have been arranged and there will be no lack of those things which children delight in eating. Half the housewives of the community have been busy baking cakes for the occasion.

Mrs. Joseph L. Ross, Jr., gave a luncheon party on Thursday for Mrs. J. L. Ross, Sr., Mrs. Dawson and Mrs. Edward Grenfeld, formerly Miss Blanche Ross. On Friday afternoon a picnic luncheon was held at the Ross place at which sixteen ladies from Redwood City and Woodside foregathered. This picnic was originainaly planned in honor of Mrs. Thorning of Redwood City who, owing to an unfortnate accident suffered last week, was unable to be present.

Mrs. A. H. Audiffred entertained at a luncheon on Thursday in honor of her neice, Mrs. Hicks Williams of New York and the twin daughters, Mary Lyle Williams and Eugenia Williams. Mr. Williams is a Lieutenant Commander in the United States navy and is stationed in New York at present.

Beck Brothers at the Live Oak market have installed an electric meat cutting machine that seems to have almost human intelligence. You may have steaks, chops or roasts from it for the asking with a cleanness and speed that puts to shame the saw and cleaver.

FIREMEN

REDWOOD CITY suffered one of the most disastrous fires, disastrous that is in point of property damage, Tuesday night that it has experienced in many years. The fire which burned out the inside of the Pacific Gas and Electric Company's local substation Tuesday night was one unique in many respects. It was the most dangerous that the local fire department has ever had to cope with, for in the seething inferno of burning oil and exploding transformers, where the firemen had to work were hissing wires carrying many thousand volts of current—wires which if once touched with the body or with a stream of water would cause instant death. In this tangle of deadly wires, in a veritable hell of flame, and struggling in the dense black soot-laden fumes of the burning oil, Redwood firemen worked from 11 o'clock at night to long after 2 in the morning.

That's our fire department for you. Men who work where pain, injury or death may have to be faced every minute—men who sacrifice their own comfort for the good of the community and the safety of its people, men who leave their beds at night and their business in the day to help their neighbors in their difficulties.

Now there is another class of citizens who also often go to a fire. It would be beneath the dignity of a real fireman to tell you what he thinks of this gentry, and we hate to admit that we have such among us. But did you ever overhear a man at a fire ridiculing the firemen in their efforts?; criticizing the way in which they do things?; telling those around him how it ought to be done, the while he decorates the sidelines and fails even to help with a hose?

The Redwood City fire department is a volunteer department. Two men, the drivers of the truck, who give their whole time to the service, receive pay for their work. The rest give their services for the benefit of the town and its people.

The department was responsible last Tuesday for saving many thousand dollars of materials in the substation, despite the dangerous and difficult features of the fire. Walter Kellogg, district manager of the company, is unstinting in his praise of the department and of its chief, Mark Ryan. The success of the fire fighters Tuesday night, according to Kellogg is the team work, the order and the business like manner in which the entire situation was handled. Such praise should floor the petty fault finders.

A STATIONARY WORLD

IN these days when mortals propose to try the laws of God in a Tennessee court room, when Zion City proclaims to the world that the earth is flat and a so-called scientist in London denies that the world moves and avers that the sun and stars revolve around this sphere, most anything can be expected in the way of theories. Science, it would appear, is hanging on the brink of the abyss and will soon be hurled down with voo doo and other tomy rot.

But appearances are deceiving. Despite the assertion of Charles Fort that the earth is stationary, it moves, literally and figuratively, and just as no statement by a London quasi-scientist can hold the earth at a fixed point in its orbit, so no verdict of the Tennessee court, one way or the other, will influence God's plan of evolution, or man's understanding of it.

Our present ideas of science may be overthrown, but they will then be replaced by more advanced theories based on firmer scientific foundations. Science is exact. If our theories are wrong, it is because thay are not in accord with science. So to replace a theory as at present conceived, a better one must be produced. But to legislate against science, to deny facts, to assert that a thing is not because we do not want it to be, these things may satisfy retrogressive tendencies of a Zion City. But Nature, like Time "writes, and having writ moves on," and not all the arguments of the Bryans, Forts and Zionists will vary one iota the records left, nor change by one millionth of a second the swing of the earth in the track which it ran eons before man had to worry about evolution, and will continue to travel when man's book is closed.

CUTTING DOWN TAXES

THE administration has a plan by which federal taxes will be reduced by $300,000,000. Quite a cut for a budget which we have always been lead to believe was trimmed to the limit by each administration. A three hundred million dollar saving by the federal government will place several dollars more in the pocket of the head of family each year than he would otherwise have been able to show.

President Coolidge and his able assistants have already shattered many politically sacred precedents which have for decades been leeches on the treasury and on the people. Unnecessary waste has been climinated and the efficiency of the federal government has been increased. Now the president reverses the precedent of most of his predecessors and reduces the federal taxation. With a budget many hundred million dollars less than the burden which the people of this country have been carrying he will maintain the government in its full efficacy. Only a few of our citizens understand the intricacies of national politics, a very few have the time or inclination to master the details of national expenditures, but economy such as this can be understood by all, and the people of the United States feel an added confidence in the administration which thus protects their interests.

INCORPORATION OCCUPIES BOARD OF SUPERVISORS

Incorporation, the word which has been heard more often by the Board of Supervisors within the past year or so than at any other time in the history of the county, was once more the piece-de-entre for a battle of words last Monday. This time the argument, centered around the inclusion of certain land within the proposed incorporation of Menlo Park.

At a previous meeting of the board when the matter was being considered, Attorney Lee T. Ross of this city, representing several large property owners of Menlo Park who objected to their property being included in the proposed incorporation, presented an ammended map with these districts omited. This map, the board at their meeting Monday, accepted, despite a vigorous protest from the Menlo incorporationists. Several letters had previously been presented to the board by residents of Menlo Park, whose land was not in the original map, asking that their property be included. It is the contention of the incorporationists that the protests were given the attention of the board, while these persons were ignored.

Since the decision of the board Monday to accept the map as amended by the protestants, there have been several indignation meetings held at Menlo Park at which speakers have urged that the matter be put into court and also that Supervisor MacBain be made the subject of an attempted recall-action.

MacBain has so far made no announcement of his plans in this matter, and states that he will take no action. The threats have not worried him, he says, as they have been many times before by the same ones.

At the meeting Monday the motion to accept the amended map was made by Supervisor Hickey and seconded by Supervisor Francis. MacBain, against whom the indignation seems to center, as he is supervisor of the district in which Menlo Park lays, voted yea. Thompson, supervisor of the Fifth township gave the only dissenting vote. Supervisor Brown of the Second township was absent.

The argument centers around the question whether the land excluded is "inside" or "outside acreage," as defined by law. Outside acreage cannot be included in an incorporation without the consent of the owner. Jas. T. O'Keefe, attorney for the petitioners; claims that this is not outside acreage. Attorney Ross argues that it is.

THIRTY YEARS AGO

From the Times-Gazette of June 22, 1895

Misses Cora and Alice Barton, Bertha Plump and Katie Nealon composed a pleasant bicycle party that spent Sunday at San Mateo beach.

One of the two stores in the new Odd Fellows' building has been rented by F. W. Glennan, the well known harnes maker. He will move in today or Monday and contemplates laying in a large stock. Mr. Glennan will be pleased to see all his old patrons at his new quarters.

The Odd Fellows' building was formally dedicated last Saturday evening. The ceremony was interesting and impressive. A number of grand officers were present and participated in the exercises. The large hall was crowded to the doors with members of the local lodge and visiting brothers. George Fox acted as Noble Grand for the evening. After the California quartette of San Francisco had rendered a popular selection, Grand Master Gosby briefly, but appropriately welcomed the guests. In accordance with the ritual, the work of dedication was then commenced.

The heralds in the building of the altar were: North, William Holder, South, B. A. Rankin; East, W. Headley; West, P. P. Chamberlan. These are among the oldest members of Bay View Lodge; and their parts were performed in a very clever and impressive manner. L. P. Behrens on behalf of the building committee, presented the keys to the Grand Master, who after the dedication ode presented them to George Fox, Noble Grand of the local lodge. He is the only living charter member of Bay View Lodge, which was organized in 1862. After his address all repaired to the banquet room which was appropriately decorated for the occasion.

Bicycles will be out in full force for the great relay race which takes place tomorow, also the friends of the various clubs to witness the contest which promises to be interesting from start to finish. San Mateo has chosen five of its best men; Redwood City has followed suit; and Mountain View has also made a careful selection of its riders.

The word to go will be given at 1 o'clock from the Millbrae hotel. The finish will be two miles south of Mountain View.

Of the Redwood City Club, J. Ley will be the first to start. He will ride to the Homestead and there be releived by C. Allen, who is expected to make the second relay in very fast time, he being the fastest rider of the Redwood Club. At the N. J. Brittan place he will hand the packet to William Lipp, who will end the third relay at the Menlo Park school house. Here he will receive a great ovation, as a large crowd from Menlo Park, Stanford University and Mayfield will be waiting. The fourth relay will be commenced by C. Madsen, the tall sycamore from Beeger's tannery, who will make every effort to break the world's record. At Barron's gate the forth relay will finish and the home stretch begin by H. Grimmenstein, a small but strong and sturdy member of the home club. The finish will be at the tanks, two miles south of Mountain View.

Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded bp our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. t is little better than ordinary distillate and leaves a sickening gasoline smell in your clothes.

SEEKS DISSOLUTION OF PARTNERSHIP

Suit for the dissolution of partnership in a business which has been conducted under the name of the Peninsula Radio Service, was brought in the Superior court here this week by Charles A. Stumpf. The suit which names Ernest A. Fedderson as defendant charges that Fedderson has failed to perform his duties in the partnership as agreed. Stumpf alleges that he invested the sum of $550 in the business for the purchase of stock. This was to remain in the business, according to the complaint, until the profits should reimburse the plaintiff for this amount. Stumpf charges that owing to the defendant's neglect of business, the shop conducted by them has been run at a loss and his money is being lost. The plaintiff asks for a dissolution of partnership and that an accounting and division of business rights be made.

Growth — the symbol of progress and achievement — is reflected in the consistent, *normal* gain the Bank of Italy has made each year.

The years of pioneering, from 1904 to 1915, were devoted to the careful organization and development of our system of branches. Each successive step was thoroughly tested with the one thought of making the organization as perfect as possible. As a result of this painstaking, conservative and constructive preliminary development, no impressive record of growth was made until 1916. A full decade was spent in *laying the solid foundation* for the Bank of Italy's great *natural* progress.

The San Carlos Parent-Teacher Association will hold their first entertainment and burlesque on Friday evening, June 26th, at the San Carlos School house. The burlesque will be entitled, "Commencement Exercises of the class of 1898." Those who will take part are as follows: Mesdames Andrew Johnson, Norman Crackbon, D. L. Stewart, J. M. Edling, Edward J. Wheeler, A. M. Steele, W. L. Kenealey, L. P. Hopkins, E. R. Burton, J. G. Null, Leland Doud, Gorse and Miss Marie Lindberg. The male characters are L. P. Hopkins, and Edward J. Wheeler. The proceeds raised at this affair will be used to conduct the transactions of the association.

The last meeting of the club of the home section of the San Carlos P.-T. A. was held on Friday afternoon at the Devonshire Estate. A room in the administration building had been set side and tastefully decorated for the occasion. The splendid program included a talk on "The Pre-School Age Child," by Mrs. W. E. Cleary, district chairman, and one on "Federation Plans and Projects for the Coming Year" by Mrs. L. G. Owen, San Mateo County Federation president; piano selections by Mr. Richardson of San Carlos; "Moral Training in the Home and School" by Dr. J. G. Null of San Carlos; reading, "Katrina's Trip to New York," by Mrs. Hall of Redwood City, and vocal selections by Mrs. D. L. Stewart.

Following the program delicious refreshments were served in the artistically decorated patio.

Mr. and Mrs. Fred Drake, Mr. and Mrs. Andrew Johnson, Mr. and Mrs. O. D. Fairfield, Jack Fairfield, Boyd Fairfield, Mildred Hopkins, Mrs. Anita M. Knze, Mrs. Fred T. Odgers, Ellen Odgers, Elsie Gee, Sellie Gee, Mrs. Harry Gee, Mrs. Arlington Dennery, Maxine Libby, Arlien Dennery, Stephen McCue and daughters attended the Commencement exercises held by Sequoia Union High School Friday night.

Florence E. Johnson, Vallie Drake, Owen A. McCue, John P. McCue and William P. Johnson were among the graduates.

The Associated Firemen of San Mateo County held their regular meeting at San Carlos fire house on Tuesday evening, over 100 members were present, taxing the capacity of the fire house. Many important subjects were discussed, dealing with the welfare of the entire peninsula. Fred H. Drake, a member of the department, gave a very interesting talk on organization. Judge Farrell of South San Francisco, also gave a very fine discussion on Unity. Other speakers of the commission contributed to the evening's entertainment. After adjournment the San Carlos firemen entertained their visitors with refreshments.

Mrs. Ralph Button and Mrs. Geo. Fanning of San Francisco were luncheon guests at the home of Mrs. J. M. Edling Monday.

Mrs. Norman Crackbon and children are spending their vacation visiting with Mrs. Crackbon's parents, Mr. and Mrs. L. Limerick of San Jose.

STOCKHOLDERS SUMMARY PREPARED BY P. T. & T. CO.

A large percentage of subscribers to American Telephone and Telegraph Company stock are women and a summary, prepared by the Pacific Telephone and Telegraph Company, shows that 952 investors are listed as housewives and 129 teachers, 127 stenographers, 73 nurses and 1 manicurist are investors. According to J. D. Worthington, manager here, this summary, which is prepared from the sales of the past year on the Pacific Coast, shows representatives of 121 different vocations.

Among this list are 29 newspaper men, and it is interesting to note that 3 are news boys. The summary also contains 18 members of the police department, 9 members of the fire department, 2 army officers and 11 seamen. Two coroners and 6 undertakers are listed as investors and 133 physicians and 40 druggists purchased stock during the last year.

Talent also finds representation in the list. Five artists are subscribers to this stock and two authors have made investments. Three ball players and one pugilist purchased stock.

Telephone operators who become stockholders in the past year numbered 422 which is indicative of the telephone company's employees confidence in the safety of this investment.

NEWS OF MENLO PARK

The annual robbery of the Southern Pacific depot took place last Sunday night. Almost every year for many seasons the station has been looted, and usually the culprits make their getaway. The baggage room was entered by breaking the lock. Two trunks and a suit case were rifled. From the trunk of Miss Ethel O'Keefe, who had just returned from Sacramento, where she had been teaching in the high school, and who had planned to attend the summer school at Stanford, virtually a complete wardrobe was taken, togther with a set of Spanish text books of value. The other trunk and suit case belonged to students at St. Patrick's Seminary. Constable Roach is hot on the trail of the culprits. Captain Matheson of the San Francisco detective force was down Tuesday making an investigation of the robbery. He believes it is the work of some San Francisco crook.

Mr. and Mrs. Walter H. Linforth left during the week for their annual vacation to be spent at Bartlett Springs. They plan to spend two weeks at that well-known resort.

The Charles Brandy home on Laurel avenue was sold this week to Charles Martin, connected with the Marwedel Hardware Company of San Francisco. Mr. Marwedel at one time resided in Menlo Park and now lives in Palo Alto. The beautiful home is to be developed and improved by the new owner, who will move from the city next week. The sum of $7,500 was paid for the choice property and the sale was consumated by J. M. Sullivan.

John G. Garland, who owns twenty acres of land on the San Francisquito creek, near town, was appointed county milk inspector by the board of supervisors last Monday. He succeeds George Fry who resigned some time ago. Garland is a graduate of an eastern agricultural college.

Miss Ethel Lee and Leslie William Hills were united in marriage in Stanford Memorial church last Saturday evening. The beautiful bride is a grand daughter of the late Louis Golder, a Menlo Park pioneer. Her mother was born and raised in Menlo Park. Mrs. Lee has resided in Palo Alto for many years, where she is a social leader.

Mrs. Hills was graduated from Miss Harker's School in Palo Alto and received her A. B. degree at Stanford in 1920. She belongs to Kappa Kappa Gamma sorority. Mr. Hills is a member of the same class. His fraternity is Theta Delta Chi.

The Sunday school children of Trinity Episcopal church, with their teacher, picnicked at Kendall Dell, the new pleasure grounds near St. Joseph's College, last Tuesday. They were accompanied by the pastor, Rev. Ralph Smith. All had a delightful time near the cooling brook that lazily passes through the picnic grounds. The toothsome lunch served on the green lawns was a feature of the day's outing.

Leon Bernard on last Saturday was made a sub-deacon by Archbishop E. J. Hanna at St. Patrick's Seminary. This order was conferred upon the young man preparatory to his ordination next June. He has been attending the institution for the past eleven years.

The Bradys, Flynns and Ahlerts are at the Yosemite Valley spending a vacation of two weeks. There is a record breaking crowd at the valley this year. The wonder spot will grow in popularity as the years go by.

Joseph and William Weeden left on Wednesday on a motor trip to the Yosemite Valley to spend two weeks. They will join the other Menlo people now sojourning in the valley.

Raymond Hara has sold his holdings in Valparaiso Park to a San Francisco party. Hara made a neat profit on the property bought by him less than a year ago.

Miss M. Doyle, daughter of Mr. and Mrs. Edward Doyle, is sojourning in Yosemite Valley for a short vacation. She is with the Ahlert-Brady-Flynn party.

Father Kennedy, is attending the retreat at St. Joseph's College at Los Altos this week. The assistant pastors will make the retreat next week. Heretofore the retreats were held at St. Patrick's Seminary here. The former location is more remote and quieter for such meditations.

The William Warren School, now called the Menlo School, is making many needed improvements on the plant during the summer vacation. Extensive alterations and repairs on the buildings are being made. The kitchen and dining room are being moved to another wing and the latest kitchen equipment installed. The athletic field and playground are extended and enlarged to meet the latest requirements in athletics. When all the improvements contemplated are completed the school will be one of the best equipped in the state.

Appointment of committee chairmen for next term were announced this week by the executive board of the Menlo Park Parent-Teacher Association. The appointees are:

Better films, W. F. Bower; child welfare and hygiene, Mrs. A. P. Parson; program, Mrs. J. E. Cooper; publicity, Mrs. Thomas Stentiford.

Mrs. John Snover was appointed historian in place of Mrs. L. Miller, who resigned.

Mrs. Belle Bryant, a native of Illinois, aged 76 years, passed away at the home of her daughter, Mrs. Susan Chandler, on June 19, after a short illness. She was here from Los Angeles, when death overtook her. Last Monday the remains of the aged woman were interred in Cypress Lawn cemetery. Her husband, C. A. Bryant, a prominent resident of the southland, came up immediately when apprised of his wife's death. Mrs. Chandler some years ago bought the John MacBain home on Mills avenue. Her mother often visited her here, where she was well known and liked.

Mr. and Mrs. John MacBain have gone to Gilroy Hot Springs to remain over the Fourth.

The Native Daughters will give a card party in Duff & Doyle hall next Monday evening to secure funds to be applied to the Diamond Jubilee celebration. A large crowd is expected from all neighboring towns. Excellent prizes are to awarded.

A mass meeting of the people of Menlo Park was held in the Kuck hall on Thursday night to discuss the boundary lines for the proposed incorporation as granted by the board of supervisors. The arguments were heated at times and quite impassioned. It was unanimously decided to test the power of the board in cutting down the boundary lines in court, and if necessary to carry the case to the highest tribunal. The meeting was full of fight and no doubt the affair will be bitterly fought. The following committee was appointed to raise funds and to select an expert attorney, one well versed in municipal law: W. J. Murray, George Walsh, W. H. Harcom, J. Alliger and L. H. Cook. Over $200 was subscribed at the meeting to carry on the litigation. It is the aim of the committee to raise $500 in addition to the sum already subscribed. The suit is to be brought at once and before the matter comes up before the supervisors on July 6. Most likely a postponement of the petition asking for incorporation may be granted on that date. In all probability it might be some time before the people of Menlo Park will be able to vote on the all-important question.

J. Lowrie is erecting a neat bungalow on Partridge avenue. Mr. Lowrie is a well-known San Franciscan.

SILLS AND KENYON SCORE IN NEW FILM

Milton Sills, one of the most versatile of screen artists, presents another side of many-faceted dramatic brilliance in his latest First National photodrama, "I Want My Man," which will play on Monday and Tuesday, June 29 and 30 at the Sequoia Theatre.

Sills' virility, as embodied in his portrayal of the "Sea Hawk," was no less apparent under the reserve with which he handles the dramatic tension of his role in "I Want My Man."

Both Sills and Doris Kenyon, who is co-featured with him, give clear-cut interpretations of their difficult roles.

"I Want My Man" was no light histrionic burden, and credit is due the principals and to Director Lambert Hillyer for the convincing manner in which it has been done. There are poignance and strength in the situation of the woman who frees her husband to test her claim on his affection on fair terms with the woman who has waited for him And there is the strength of admonition in Sills' return after eight years of war blindness in France seeking a cure to find his fine old family caught up in the jazz delirium that swept the world at the end of the last war.

Phyllis Haver, May Allison and Paul Nicholson show to advantage in their various roles, and Kate Bruce is the sweetest of screen mothers.

SCREEN IMPROVES ON

While holding all of the intense dramatic appeal of the stage play, the screen version of "Cheaper to Marry" which will play at the Sequoia Theatre next Wednesday and Thursday, July 1 and 2, is far more colorful than Samuel Shipman's original story.

This is because the motion picture takes advantage of wider latitudes, and Robert Z. Leonard, in making this picturization for Metro-Goldwyn-Mayer, has brought a lavish production of society and near-society life to the screen.

In addition to an exceptional cast, Leonard brings into this film noted dancers for his cafe scenes, and fifty of the most beautiful bathing girls in California to the sequence devoted to showing intimate happenings in an exclusive women's athletic club. Limitations of the speaking stage made such elaborate settings impossible.

The cast includes Lewis Stone, Conrad Nagel, Paulette Duval, Marguerite de la Motte, Louise Fazenda, Claude Gillingwater and Richard Wayne. As the cynical Jim Knight, who does not believe in marriage, Lewis Stone adds to his fame as an actor. Paulette Duval of "Monsieur Beaucaire" fame, is seen as a modern vampire for the first time, gowned in beautiful creations and jewels. Conrad Nagel, always a capable actor, plays his orle with rare accomplishment, as does Miss de la Motte, seen opposite Nagel for the first time.

The comedy is handled most admirably by Louise Fazenda and Mr. Gillingwater, while Richard Wayne is the "other man" in the love affair between Mr. Stone and Miss Duval. Frederick and Fanny Hatton are given credit for bringing this powerful Shipman indictment against social radicalism to the screen without a change in the original plot. Alice D. G. Miller did the continuity.

Sequoia Alumni Elect Officers

The alumni of the Sequoia Union high school at their annual banquet and reunion last Saturday evening elected officers for the coming year as follows: Oscar Olsson, president; Kendle Towne, vice-president; Gladys Palmer, secretary-treasurer.

At the banquet, which was presided over by the retiring president Alfred Robertson, talks were made by Principal Argo, Vice-Principal Gill and Miss Boyle, teacher of English. John Shortridge, president of the graduating class and Stephen Kreiss, president of the Masquers, the alumni dramatic club, addressed the alumni for their respective organizations.

The banquet, which was served in the cafeteria of the school, was followed by a dance in the gymnasium. About two hundred enjoyed the affair.

RESOLUTION OF INTENTION No. H-10

RESOLVED, that it is the intention of the Board of Trustees of the Town of Redwood City, County of San Mateo, State of California, to order the following work to be done and improvements to be made in said Town of Redwood City, to-wit:

That Brewster avenue from the northeasterly line of Allerton street to the northerly line of the Pulgas Ranch; also Alden street from the northeasterly line of Allerton street to the northerly line of the Pulgas Ranch; also Samson street from the southwesterly line of Warren street to the northerly line of the Pulgas Ranch; also Hopkins avenue from the northeasterly line of Arguello street to the northerly line of the Pulgas Ranch, also Standish street from the northeasterly line of Arguello street to the northerly line of the Pulgas Ranch; also Howland street from the northeasterly line of Arguello street to the northerly line of the Pulgas Ranch; also Eaton street from the northwesterly line of Fuller street to the northerly line of the Pulgas Ranch; also Allerton street from the northwesterly line of Alden street to the southeasterly line of Rogers street; and also Warren street from the northwesterly line of Allen street to the southeasterly line of Rogers street, including all street and avenue intersections and terminations and portions thereof included within the lines of the several streets and avenues above described be improved as follows, to-wit:

That the roadways of said streets and avenues and portions thereof above described be graded, and paved with a four (4) inch asphaltic concrete pavement upon a three (3) inch base or cushion of broken stone. There is excepted from the above described work all that portion thereof fronting the park bounded by Howland street, Allerton street, Standish street and Warren street and being one half the width of the roadways of the streets above named bounding said Park; there is also excepted from the above described work a strip eighteen (18) inches in width immediately adjacent to the curb lines on both sides of all the hereinbefore mentioned and described streets and avenues that are to be paved, said strips being reserved for concrete gutters.

That the following curb returns now in place at the following corners be removed, to-wit: Northwest corner of Standish street and Warren street; southwest corner of Standish street and Warren street; southwest corner of Hopkins avenue and Warren street; northwest corner of Samson street and Warren street; northwest corner of Alden street and Warren street; northeast corner of Alden street and Warren street; northeast corner of Alden street and Allerton street; southeast corner of Alden street and Allerton street.

That hydraulic cement concrete combination curb and gutters be constructed on both sides of the hereinbefore mentioned and described streets and avenues that are to be paved, the curb portion of combination curb and gutter to be six (6) inches across the top and eleven (11) inches deep and the gutter portion of said combination curb and gutter to be eighteen (18) inches wide and to be six (6) inches thick next to the pavement and five (5) inches thick next to the curb. And said combination curb and gutter shall be made and constructed at one time so that there shall be no joint between the curb and gutter. There is excepted from said curb and gutter the portion fronting the Park bounded by Howland street, Allerton street, Standish street and Warren street and adjacent to the curb line around said Park. There is also excepted from the foregoing described combination curb and gutter all that portion on both sides of Howland street between the northeasterly line of Arguello street and the southwesterly line of Warren street; on both sides of Standish street between the northeasterly line of Arguello street and the southwesterly line of Warren street; on the southeasterly side of Hopkins avenue from the northeasterly line of Arguello street to the southwesterly line of Warren street; and on the northwesterly side of Hopkins avenue from the northeasterly line of Arguello street to a point 200 feet northeasterly therefrom, on the northeasterly side of Eaton street from the northwesterly line of Fuller street to Brewster avenue including the southeast corner of Eaton street and Brewster avenue, and the northwesterly side of Brewster avenue from the northeasterly line of Allerton street to a point 100 feet northeasterly therefrom; curbs being now in place at said places. That hyraulic cement concrete gutters be constructed immediately adjacent to all the curbs now in place as lastly herein described upon Howland street, Standish street, Hopkins avenue, Eaton street, Brewster avenue and upon the southeast corner of Eaton street and Brewster avenue; said gutters to be eighteen (18) inches wide and to be six (6) inches thick next to the pavement and six (6) inches thick next to the curb.

Said cement concrete combination curb and gutter shall also be constructed upon the corners of intersecting and terminating streets and avenues within the lines of the streets and avenues hereinbefore described to be paved. Said cement concrete combination curb and gutter shall also be constructed outside the lines of the street and avenues hereinbefore described to be paved at the following corners, to-wit: Northwest corner of Alden and Warren; northeast corner of Alden and Warren; northwest corner of Alden and Allerton; northeast corner of Alden and Allerton; southeast corner of Alden and Allerton. There is excepted from the foregoing curb and gutter on corners the four corners of the Park, bounded by Howland street, Allerton street, Standish street and Warren street.

The Pulgas Ranch line referred to herein is shown on the Map of the Pulgas Ranch, filed in the office of the County Recorder of the County of San Mateo, State of California, on the 30th day of December, 1857, and recorded in Book 1 of Patents at page 11.

The width of the streets and avenues and portions thereof above described and of the roadways of said streets and avenues and portions thereof, and the width of the sidewalks of said streets and avenues are to be and are shown on the plans, profiles and specifications hereinafter particularly referred to herein.

That the official elevations for street grades of said streets and avenues and portions thereof, crown grades, curb grades and grade elevations for top of gutters, be changed and grades different from those established or adopted prior to the adoption by the Board of Trustees of the Town of Redwood City of the plans, profiles and specifications hereinafter referred to herein, shall be adopted, and such official and different and prior grades shall be modified, and are hereby modified and changed so that the official grades shall be and conform to the grades as shown on the plans, profiles and specifications for said work and improvements which plans, profiles and specifications were heretofore adopted by the Board of Trustees of said Town on the 15th day of June, 1925, by "RESOLUTION ADOPTING PLANS AND SPECIFICATIONS NO. H-10", which plans, profiles and specifications are now on file in the office of the Clerk of said Town of Redwood City. All the work and improvements herein described, shall be done and made to such new official grades as shown on the plans, profiles and specifications hereinbefore mentioned to which plans, profiles and specifications reference is hereby made for a description of the grades at which said work is to be done and made, and the same are made a part hereof.

And all the aforementioned work and improvements are to be done and made in accordance with the said plans, profiles and specifications hereinbefore mentioned, which plans, profiles and specifications are now on file in the office of the Clerk of the Town of Redwood City, and to which plans, profiles and specifications reference is hereby made for an accurate, detailed and complete description of said work and improvements, and the same are made a part of this Resolution of Intention.

And said Board of Trustees does hereby determine and declare that the foregoing described work and improvements are of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, which said district is hereby declared to be the district benefitted by said work and improvements and to have the exterior boundaries hereinafter described as the boundaries thereof; that therefore the entire costs and expenses of said work and improvements shall be and are hereby made chargeable against and shall be assessed upon said lands and district, which district is within the limits of the Town of Redwood City, County of San Mateo, State of California, and the exterior boundaries thereof are particularly described as follows, to-wit:
